Altair Engineering Inc. is an American multinational information technology company headquartered in Troy, Michigan. They provide product design and engineering solutions, enterprise services and cloud computing. Altair was founded by James R Scapa, George Christ, and Mark Kistner in 1985.

Altair Engineering - Wikipedia

Structural Core Materials INTRODUCTION. Gurit is a technical leader in the development and manufacture of structural core materials. Cores in a sandwich construction are specified by designers and architects to increase stiffness and reduce the weight of a composite structure.

Structural Core Materials - Gurit

Engineering is the application of knowledge in the form of science, mathematics, and empirical evidence, to the innovation, design, construction, operation and maintenance of structures, machines, materials, devices, systems, processes, and organizations. The discipline of engineering encompasses a broad range of more specialized fields of engineering, each with a more specific emphasis on ...

Engineering - Wikipedia

Civil engineering design software allows users to draft complex 3D designs of municipal buildings and structures. These tools include those with functionality for railway modeling, road and highway design, and mapping tools – essentially helping with anything pertaining to the city’s infrastructure.

Best Civil Engineering Design Software - G2 Crowd

With over 500,000 users downloading 3 million documents per month, the WBDG is the only web-based portal providing government and industry practitioners with one-stop access to current information on a wide range of building-related guidance, criteria and technology from a 'whole buildings' perspective.

WBDG | WBDG - Whole Building Design Guide

CE 1A. Civil Engineering Seminar. 1 Unit. Term Typically Offered: Fall, Spring Introduces students to civil engineering as a profession. Topics include the technical disciplines (environmental, geotechnical, structural, transportation, and water resources), the role of civil engineers in planning, constructing and operating infrastructure, and professional responsibilities such as licensure ...
