States is the fourth largest country in the world in area (after Russia, Canada, and China ).

## United States - Encyclopedia Britannica

Between the Appalachians and the Rocky Mountains, more than 1,600 km (1,000 mi) to the west, lies the vast interior plain of the United States. Running south through the center of this plain and draining almost two-thirds of the area of the continental United States is the Mississippi River.

## United States | Encyclopedia.com

The two volumes are close to 4,000 pages long, and each volume is divided into two parts (Part A and Part B). The PDF files mirror that structure exactly, that is, the two volumes consist of four files in total. Part A of each volume contains a table of contents, and the page numbers match throughout both parts.
