Martin may either be a surname or given name. Martin is a common given and family name in many languages and cultures. It comes from the Latin name Martinus, which is a late derived form of the name of the Roman god Mars, the protective godhead of the Latins, and therefore the god of war. The meaning is usually rendered in reference to the god as "of Mars", or "of war/warlike" ("martial").

This isn't quite what you're talking about here, but I have a question about mortgages. If you want to buy a house (by yourself) and have a couple of roommates to lower expenses, can you still only get the same mortgage as you would qualify for on your own, or will the bank look at the fact that you will be receiving rental income from roommates and finance you for a higher loan?
