

Slap Bass

SLAP BASS

slap bass pdf

Slapping and popping are ways to produce percussive sounds on a double bass or bass guitar by bouncing strings against the fretboard.. On bass guitar, slap and pop involves striking the strings with the bony part of the thumb or popping notes by pulling a string until it snaps against the fingerboard.

Larry Graham Jr. (born August 14, 1946) is an American bass guitar player and singer, both with the psychedelic soul/funk band Sly and the Family Stone, and as the founder and frontman of Graham Central Station. He is credited with the invention of the slapping technique, which radically expanded the tonal palette of the bass, although he himself refers to the technique as "thumpin' and pluckin'".
